

Steps for Online Investment with hBits

Step 1- Visit <https://hbits.co/>

Step 2- Click on Signup button and fill in the required details to create an account

Step 3- You will receive a link on your registered email address to activate your account.

Step 4- Once activated you can access your account using an OTP that is sent to your registered mobile number, during login on the <https://hbits.co/> page

Step 5- Click on View Property button to start the investment process in the asset that you are interested in. You will be redirected to the properties page.

Step 6- Click on the Invest Now button on the property detail page.

Step 7- You are taken to the EOI section, where you have to initiate the e-signing of the EOI document and also payment of the EOI amount.

Step 8- On clicking pay now or send document you will receive an email with the copy of the Expression Of Interest to be signed digitally and at the same time a window opens up with 3 options for payment.

Step 9- Select one of the three option based on your preference, RTGS, NEFT or Net Banking.

Step 10- Once the EOI is signed and the EOI payment is cleared, you will need to upload your documents to complete the KYC process.
